## OVERVIEW

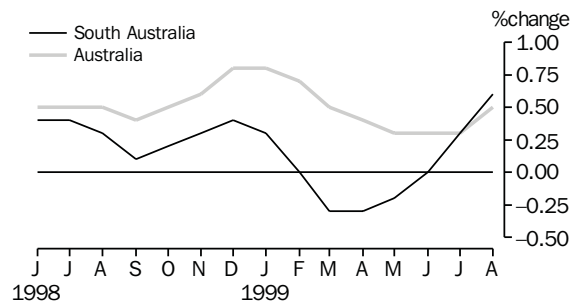

INTERNATIONAL ACCOUNTS	<p>The value of merchandise exports, where the final stage of production was in South Australia, was \$533.4m for August 1999. This represents an increase of 21.1% over July 1999 and an increase of 16.5% over the corresponding month last year. Export shipments of fish and crustaceans in August 1999 was a record \$75.7m.</p> <p>The value of merchandise imports released from Customs control in South Australia was \$311.2m in August 1999. This was broadly consistent with the overall monthly average for 1998-99.</p>
CONSUMPTION AND INVESTMENT	<p>For each of the months June, July and August 1999 the trend estimate for retail turnover has increased, halting the negative growth that had been evident in previous months. All industry groups recorded positive growth rates for the past few months except Recreational good retailing and Hospitality and services which have both shown very slight decreases. In original terms retail turnover for August 1999 was \$820.9m.</p> <p>The trend estimate for new motor vehicle registrations for July 1999 was 3,909. This was the fifth consecutive month of decrease and is 14.4% lower than the level of 12 months ago (4,569).</p> <p>The trend estimate at current prices for private new capital expenditure has continued to fall; the June quarter 1999 figure of \$503.0m was a decrease of 7.5% from March quarter 1999 and a decrease of 33.3% from the June quarter 1998.</p>
PRODUCTION	<p>The trend for total dwelling units approved has increased each month since November 1998, rising 19% over that time. However, the rate of increase has eased from 2.7% in June to 1.8% in August.</p>
PRICES	<p>The Consumer Price Index (all groups) in Adelaide increased 0.7% from the March quarter 1999 to be 123.6 in the June quarter 1999.</p>
LABOUR FORCE AND DEMOGRAPHY	<p>The trend estimate of employed persons in South Australia has increased since July 1998. The estimate for September 1999 (665,100) is 3.0% higher than the level of 12 months ago (645,900).</p> <p>The trend estimate of the unemployment rate for South Australia has generally decreased since July 1998, reaching 8.3% in September 1999. A year earlier, the rate was higher at 9.9%.</p>
FINANCIAL MARKETS	<p>The trend estimate of the value of new housing commitments (excluding alterations and additions) increased 2.4% in August, with growth slowing over the past three months and following the national pattern. Seasonally adjusted, the value rose 4.2% to \$345.0m, 38.6% above the August 1998 figure.</p>
